Subject: Expensive cleanup is bad for jobs

We need a river cleanup plan that supports our environment and our economy.

I agree that cleaning up the Willamette is important but it can't be one that is so expensive and inflexible that it threatens small businesses in the Portland Harbor. The companies that work in the harbor are so, so important to our economy.

Thank you for your service to our country. I know you'll do the right thing to protect our health and our jobs.

Sincerely,

(b) (6)
